

Test Engineer

Morningstar Corp. is looking for an experienced Test Engineer to work with our Product Development team in Jessup, MD. The Test Engineer will oversee the testing for both New Product Development and Sustaining Engineering functions. Duties are multifaceted and include hardware, software, and compliance verification. This is a highly collaborative position which requires effective communication with our design, manufacturing, tech support, product management, and sales operations.

Responsibilities:

- lead on product certifications and compliance
- software unit test, scripting, debugging
- guide new products through final test procedures
- develop and execute hardware test routines
- establish and develop production QA procedures and end-of-line test fixtures
- test reporting via established tools

Required Skills:

- BS, Electrical, Industrial, or Computer Engineering
- 5+ years Test Engineering experience
- Excellent Technical Writing Skills

Additional Experience Preferred:

- Experience in Electronics Manufacturing or Power Electronics industry
- Supervisory or Management experience

For over 24 years, Morningstar Corporation has successfully designed high quality, reliable and innovative power electronic products for the solar (PV) industry. We are leaders in the off-grid solar energy market throughout the world. Our multi-cultural employee base is the cornerstone for our collaborative atmosphere within the organization as well as with our customers. We seek talented professionals looking to help make the world a better place through renewable energy. Our employees are passionate about what they do. We want people with a long-term perspective who wish to become owners of the business and directly contribute to our growth and success.

This position is in our Engineering Center in Jessup, MD. Morningstar Corp. offers a full benefits package including medical, dental, vision and LTD insurance as well as vacation, personal & sick time. Our medical plan includes a Health Savings Account, partially funded by Morningstar. We have a 401(k) retirement plan with Company Match as well as our Incentive Stock Option Plan and Employee Stock Purchase Plan. Salary is commensurate with experience.
