

Test Engineer - Hardware

Morningstar Corp. is looking for an experienced Hardware-focused Test Engineer to work with our Product Development team in Jessup, MD. The Test Engineer will oversee the testing for both New Product Development and Sustaining Engineering functions. Duties include compliance and certification testing as well as QA Fixture Development. This is a highly collaborative position which requires effective communication with our software, manufacturing, tech support, product management, and sales operations.

Responsibilities:

- Lead Product Certifications and Compliance
- All in-house Product Testing
- Evaluation of 2nd Source Electrical Parts
- QA Fixture Development
- Sustaining Engineering Support

Required Skills:

- BS, Electrical, Industrial, or Computer Engineering
- 5+ years Test Engineering experience
- Excellent Technical Writing Skills
- Knowledge of UL/cert compliance procedures

Additional Experience Preferred:

- Experience in Electronics Manufacturing or Power Electronics industry
- Supervisory or Management experience
- C/C++ programming language

For 25 years, Morningstar Corporation has successfully designed high quality, reliable and innovative power electronic products for the solar (PV) industry. We are leaders in the off-grid solar energy market throughout the world. Our multicultural employee base is the cornerstone for our collaborative atmosphere within the organization as well as with our customers. We seek talented professionals looking to help make the world a better place through renewable energy. Our employees are passionate about what they do. We want people with a long-term perspective who wish to become owners of the business and directly contribute to our growth and success.

This position is in our Engineering Center in Jessup, MD. Morningstar Corp. offers a full benefits package including medical, dental, vision and LTD insurance as well as vacation, personal & sick time. Our medical plan includes a Health Savings Account, partially funded by Morningstar. We have a 401(k) retirement plan with Company Match as well as our Incentive Stock Option Plan and Employee Stock Purchase Plan. Salary is commensurate with experience.
